

# Okay, now what?

**You've completed the Arizona Sailing Foundation Adult Beginning Sailing course. Congratulations!**

Did you like sailing? Would you like to do more? With sailing, there are an enormous number of options, whether it's cruising or racing or just fooling around with boats.

*Keel boats sailing on Lake Pleasant, northwest of Phoenix.*

Naturally we'd like to see you keep sailing and to begin to tap into the educational, social and racing resources of the **Arizona Yacht Club (AYC)**. Your best move is to come to one of our monthly meetings on the second Tuesday of the month. Check out [azyc.org](http://azyc.org) for details on when, where, and who might be speaking that night.

If a more laidback approach seems more your style, then the cruising and social **Lake Pleasant Sailing Club (LPSC)** might appeal to you.

What about learning more in **bigger boats on bigger water**? ASF has linked up with two quality sailing education programs that will put you on a keel boat and prepare you to charter a sailboat anywhere in the world.

**Sailboat Shop:** For \$375, Tom Errickson offers a two-day ASA 101 course that includes all ASA (American Sailing Association) required materials. The course is conducted from Scorpion Bay Marina on Lake Pleasant, just northwest of Phoenix. As an ASF graduate, if you join AYC and graduate from the Sailboat Shop's ASA course, Tom will offer a *free* weekday rental of a Catalina 25 sailboat. **Call 928.501.7245 or learn more at [sailaz.com](http://sailaz.com).**

**Harbor Sailboats:** Harbor Sailboats in San Diego will offer its regular \$395 two-day ASA 101 course to ASF Beginning Sailing graduates for \$295 (plus \$84 for course materials and ASA membership) when signing up for the annual out-of-county membership, which costs \$540/year. The \$540 is credit toward boat rentals for the following 12 months. **Call 619.291.9568 or learn more at [harborsailboats.com](http://harborsailboats.com).**

Just contact either school and tell them you want to take advantage of the Arizona Sailing Foundation connection.
