

# Pochteca - A Caliber 35 Long Range Cruiser

The Pochteca were a rugged and important class of long distance traders in Mesoamerica at the time of Moctezuma. They ventured afar - Old and New Mexico, even Arizona - bringing spices, jewels, feathers, and news back to the nobility in the Valley of Mexico. Although the Pochteca mainly traveled by land, our very capable and well-maintained cruiser has extended their range into the Sea of Cortez and Baja.

Caliber 35 LRC Specs ---- Asking ~~\$95,000~~

**Price reduced 10%**

**Now Asking \$85,500**
